Education, Training and Staffing

What is KYDZ CAREERS?

KYDZ CAREERS is a comprehensive training, education and child care staffing agency.

As child care experts, our staffing agency offers years of expertise and high-quality training and education for our teachers and child care team, as well as for staff or applicants from other child care centers or the public, at large. We strengthen communities by providing quality jobs and equip child care workers with the skills and learnings they need to succeed.

We do so by focusing on the importance of: safety, low teacher:student ratios, and state regulations and requirements.
